The theme "Harnessing Science, Technology, and Innovation: Catalyzing BARMH Halal Industry" revolves around utilizing advancements in science, technology, and innovation to drive growth and development in the Halal industry within the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM), Philippines. This involves leveraging modern tools and practices to enhance the production, distribution, and quality of Halal products, ensuring they comply with Islamic dietary laws. The goal is to stimulate economic progress, create jobs, and empower local communities by combining traditional practices with cutting-edge methods in the Halal sector.
